

## Camera Card Data Recovery Terms of Service (rev. 251110)

You are entering into an agreement for camera card data recovery services with David Blizzard LLC (DBA Blizzard Data Recovery). You acknowledge that the media might not be recoverable. You are entering this agreement because you own the media or you are authorized by the owner of the media to request data recovery services. **You understand that you should not use a regular letter envelope to ship your media. It could tear open and get lost in shipping.** You are responsible for the safe arrival of your device! Keychains, cases, lanyards, and other accessories will be discarded. You understand that data recovery services cannot be guaranteed. You agree to hold Blizzard harmless not only for failure to retrieve data, but also for any data recovery efforts that result in more damage. Some actions taken by Blizzard could cause damage that makes data recovery more difficult or even impossible for another data recovery service. There is no charge if data is not recovered, but declined recoveries are charged \$50 per device. We do not offer refunds after a recovery has been delivered. You will be charged one of the following amounts if recovery is successful.

### Camera card (SD, SDHC, SDXC, XQD, MicroSD, Compact Flash) flat rates based on device capacity

**Up to 8GB:** \$375 | **16GB:** \$400 | **32GB:** \$450 | **64GB:** \$500 | **128GB:** \$575 | **256GB:** \$675 | **512GB:** \$775

**PRICES ARE BASED ON THE FULL CAPACITY OF THE DEVICE, NOT THE FILE SIZE OR COUNT.**

Free return media is provided, but the size and type are our choice. Free return media is provided for the sole purpose of delivering your data to you, and there is no warranty by Blizzard. Return media is not encrypted except by request for a \$100 fee. Additional copies to customer-provided return media are charged at \$50 per copy. Free return shipping via USPS is also provided as a convenience (continental US only). You can request and pay for alternate shipping methods.

**We do not offer international shipping. You must provide an address in the USA.**

**A \$25 discount has already been applied to our prices so we can keep your storage device for parts or experiments. After 30 days any device still in our possession is considered abandoned and may be used for parts or discarded.**

Our recovery rates are subject to change at any time. Our website reflects our current prices and supersedes any printed or saved media.

Device brand: \_\_\_\_\_ Device capacity/size: \_\_\_\_\_
