

USB Flash Drive Data Recovery Terms of Service (rev. 230621)

You are entering into an agreement for USB flash drive data recovery services with David Blizzard LLC (DBA Blizzard Data Recovery). You acknowledge that the media might not be recoverable. You are entering this agreement because you own the media or you are authorized by the owner of the media to request data recovery services.

You should not use a regular letter envelope to ship your device, it could tear open and get lost in shipping. You are responsible for the safe arrival of your device! The device shells/enclosures might be discarded. You understand that data recovery services cannot be guaranteed. You agree to hold Blizzard harmless not only for failure to retrieve data, but also for any data recovery efforts that result in more damage. Some actions taken by Blizzard could cause damage that makes data recovery more difficult or even impossible for another data recovery service. There is no charge if data is not recovered, but declined recoveries are charged \$50 per device. We do not offer refunds after a recovery has been delivered. You will be charged one of the following amounts if recovery is successful.

USB flash drive (Pen, Thumb, Stick, etc.) flat rates based on device capacity:

Up to 4GB Device=\$150 | 8GB=\$195 | 16GB=\$225 | 32GB=\$250 | 64GB=\$295 | 128GB=\$350
256GB up to 1TB=\$395

Add \$100 for chip-off and/or monolith recovery if required.

PRICES ARE BASED ON THE FULL CAPACITY OF THE DEVICE, NOT THE FILE SIZE OR COUNT.

Parts are already included in our prices. Recovery media is included but the size and type are our choice. Return media is not encrypted. You can provide encrypted return media if desired. Free return shipping via UPS Ground or Priority Mail is included. You can request and pay for alternate shipping methods. **We do not offer international shipping. You must provide an address in the USA.**

A \$25 discount has already been applied to our prices so we can keep your storage device for parts.

After 30 days any device still in our possession is considered abandoned and may be used for parts or discarded.

Our recovery rates are subject to change at any time. Our website reflects our current prices and supersedes any printed or saved media.
